ALLOW

ALLOW

Sweet one, it is time to allow what is occurring. When you do, everything will feel so much easier. I know that allowing rather than controlling can be scary at first, but it is the best way to learn to play with

The Divine and your metaphysical team.

Just like the waves of the ocean move to and from shore in a rhythm no human can control, the Divine magic at play in your life cannot be controlled either.

If something is coming, let it in. If something is leaving, allow it to go. All is well and everything that happens at this moment is part of a Divine plan.

ANGELS

The Angels are singing your praises. They have been watching you from above and are truly amazed by how far you've come and all you've accomplished.

They want you to know that they are close to you and are sending you many signs. Those signs are symbols of love and celebration. You may be seeing feathers, hearts or even party decorations.

These are all the ways the Angels let you know that although you don't always see how brave and strong you are, they do. They ask that you celebrate yourself the way they are celebrating you because you are amazing.

ANIMAL ALLY

You have a Power Animal, an ally, close to you. This animal is looking to give you the added support you need to move forward. Has a particular animal been showing up in your reality or your dreams and thoughts? If so, it is the Ally that has come to assist you.

If you are unsure which Animal Ally is here to guide you, close your eyes and ask to be shown. The first animal that emerges is your Ally.

Or perhaps you've been asking for a sign and, if so, it is quite possible this wolf on the back of this card is your Ally. Wolf teaches us to tap into our inner truth and balance

desire with discipline. To learn more about the Wolf Ally or any other Animal Ally, research the animal's habits and habitat to understand what magic and gifts it brings to you now.

BEGINNING

A new beginning is upon you. Whatever has happened is already in the past; it's important to leave it there. Allow yourself to receive this fresh start. If you've been wondering when things are going to change, you have your answer. The answer is: NOW.

Get excited! There is good stuff waiting just around the bend. As with all new beginnings, be gentle with yourself and the process. A new journey is at hand.
